

31/10/2019

To Whom it May Concern,

Farah Diba has been teaching our Peer mentoring Level 2 course for 14-16 year olds and Mentoring Level 2 for 16+ learners for four years now.

She has had the sole responsibility for curriculum planning, delivery and assessment. Her course delivery has been exemplary and inspirational for the students. The pass rate on the courses has been 100% which speaks for itself.

Farah was successfully able to adjust her delivery and materials from school age to adult audience. She is reliable, organised and is a great asset to our team.

We are currently actively looking for ways of extending our working partnership with Farah via joined funding applications, to give the community more opportunities to access wellbeing and personal development courses and events in Newham.

I would highly recommend Farah and would be happy to provide further references on request.

Yours Sincerely,

Pia Tanneraho
